The Metadata Working Group of the Oral History Association's Archive Caucus is doing a rapid pilot project to create a crosswalk for the OHA Metadata Elements List. If you have expertise in creating either **MARC**, **Dublin Core**, or **PB Core** records for Oral History collections, please contact oha.metadata@gmail.com. OHA has sponsored $500 honoraria for 3 experts willing to dedicate 8-10 hours of their time to create these mappings and convene to discuss the project. All work will take place in the eight weeks between March 12th and May 3rd. Experts will be chosen by Tuesday, March 11th.
